

Tax-Payers' Appeal to the Voters of Sonoma Valley Union High School District

We, some of the larger tax-payers of Sonoma Valley Union High School District, urgently appeal to all citizens to vote "yes" at the coming High School Bond Election on July 5th, for the following reasons:

Inadequacy
First, the school attendance has so grown as to render the present building entirely too small and inadequate; the class rooms, with one exception, not being large enough to hold the classes. The building is unsightly to look at, and uncomfortable and inconvenient to work in.

Waste
Second, the cost of the care and upkeep of this old building is expensive. It requires a dozen stoves to heat in winter, and then some scholars shiver while others roast. The extra cost of the fuel of this wasteful manner of heating would pay the interest on several thousand dollars of bonds.

Inefficiency
It is difficult to secure the most efficient teachers where the working conditions are uncomfortable and where everything about the plant contributes to inefficiency, as is the case at present.

Bonds or Direct Tax
Fourth, the defeat of the bonds will not result in lower taxes, but rather in an increase for a number of years to come, because the trustees will have to raise the money needed for a new temporary building by direct taxes. The way, therefore, to avoid high taxes is to vote for the bonds.

As a Business Proposition
Fifth, it may be that by waiting five years, possibly fifteen to twenty thousand dollars could be saved on the present cost of construction; in the meanwhile more than that sum would have been expended in the cost of temporary buildings and the repairing and upkeep of the old. Therefore, the tax-payers save nothing by postponing, while the whole community suffers.

Our Children's Due
Sixth, the greatest asset is our children of Sonoma valley, and why are not the children of Sonoma valley entitled to as good an opportunity for schooling as other children?

Low Taxes and What?
Seventh, can we win new people for Sonoma valley by telling them that our high school building is a poor one but our taxes are much lower? Every one familiar with our present high school equipment knows that it is inadequate and that there is im-

perative need for a new and better plant. Patching, repairing and temporary shacks will cost the voters more than a new structure, which will increase the value of every home in the valley.

New High School Building a Necessity
Eighth, therefore, if you have a family, a good working high school plant is a necessity. If you want to sell your property it will sell for more with a good high school in reach. If you are an intending buyer an efficient high school will attract you. If you love Sonoma valley now, your love and pride will increase with a new educational center.

Consider how proud we are with the new grammar school.

Would any one prefer the old wooden one which preceded it? And there were those who thought the cost of the new building would ruin the school district.

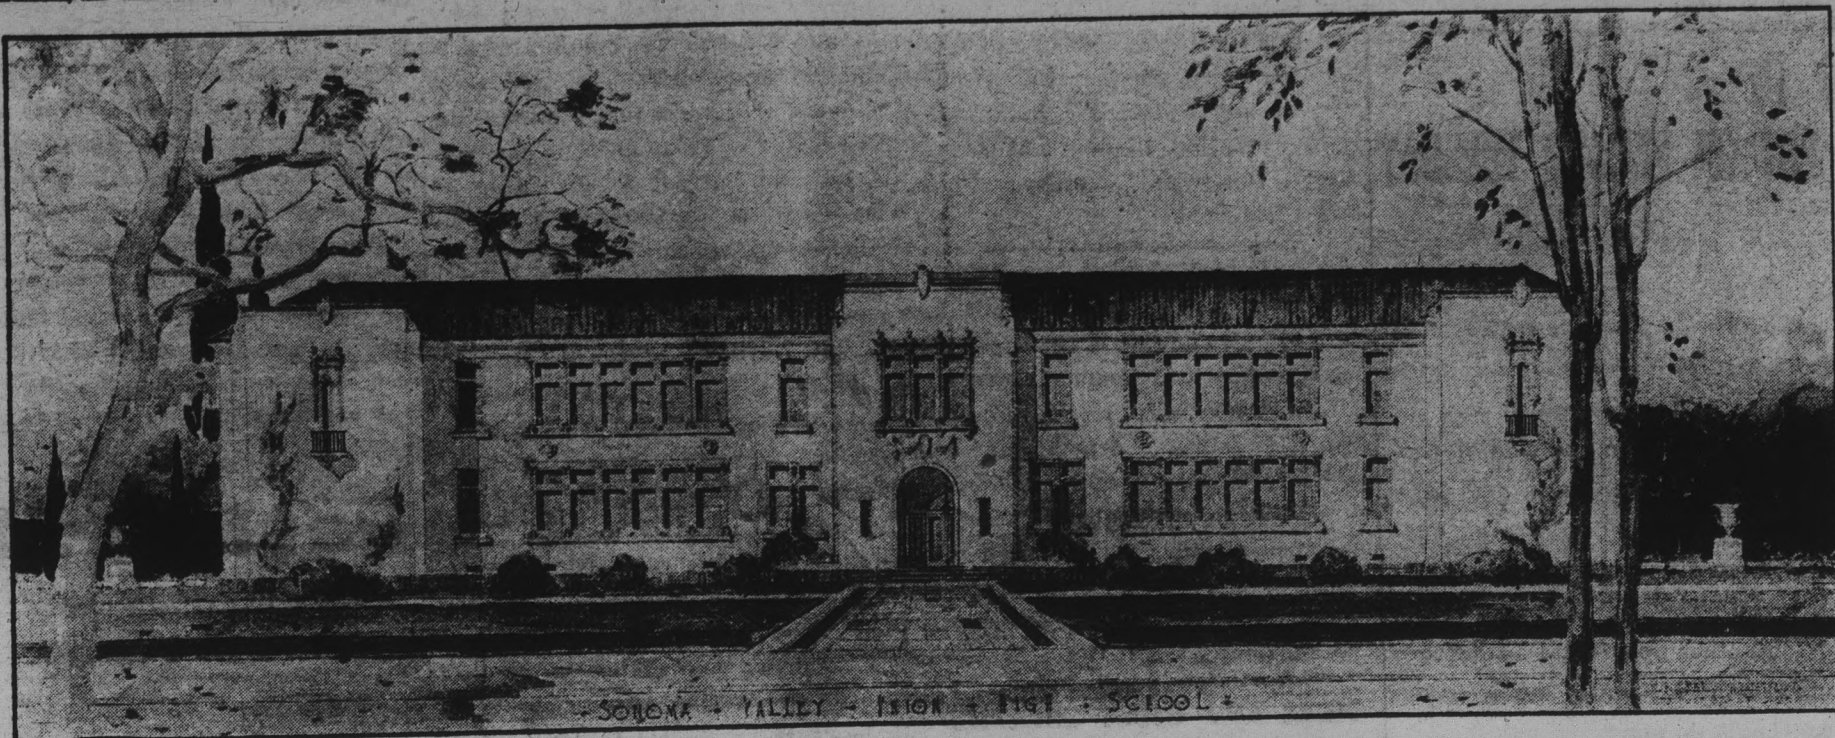

Therefore, the building of the new high school at the present time proves to be advantageous from every point of view—and we earnestly urge every voter to support it.

Let us do nothing to hinder the progressive spirit that animates every citizen today.

The Proposed New High School for Sonoma Valley

What the \$115,000 Bond Issue Would Provide, and Why

Q. Is a new high school necessary?

A. No one questions it.

Q. How long has Sonoma valley high school needed a new building?

A. At least five years.

Q. What has been the result of lack of room and equipment?

A. Confusion, nervous strain, loss of pupils, inferior instruction, waste of public money, general demoralization.

Q. Is the present time right for building?

A. The right time to build is when a building is needed, especially if we have been waiting at least five years.

Q. Have other communities decided to build now or wait?

A. The number of schools that have recently voted bonds and the amounts which the schools have voted would stagger the imagination of those who do not know.

Q. Should Sonoma valley be guided by what other communities are doing?

A. Yes, if we are progressive. Why be the last district in the state to stamp our approval on high school

education?

Q. Is the present plan of building too elaborate?

A. Other communities smaller than ours are building larger and more extensively.

Q. What are we getting for the \$115,000?

A. Six class rooms,
A large study hall,
A library,
Two laboratories,
A science lecture room,
Two rooms for graphic art,
A bookkeeping department,
A typing and dictation room,
A gymnasium-auditorium of large size and with an ample stage.

Two large dressing and shower rooms for physical education.

Two rest rooms for pupils or teachers when indisposed.

Also administration offices, supply rooms, store rooms, etc.

Q. What quality of material is going into the building?

A. The building will be reinforced

concrete; the auditorium floor will be

of hardwood; the halls will have bat-

tleship linoleum to eliminate all noise;

the book lockers and the physical edu-

cation lockers will be of steel; the

equipment will be of the very best and

most sanitary; an automatic heating

system, which will provide air which

will be heated to the proper tempera-

ture and moistened. The amount

called for in the bond election should

practically equip the building. The

aim in every detail will be to build for

permanence.

Q. How many pupils will the school

accommodate?

A. Three hundred.

Q. How long a period before there

will be that many in attendance?

A. The school increased two and a

half fold in the last fifteen years.

With the compulsory education act,

the increased popularity of high

schools and the tendency to make the

courses practical in every way, the

building will be filled to its capacity

in fifteen years.

Q. After the school is again crowd-

ed, what then?

PROFESSOR COLTON ANSWERS J. K. BIGELOW

Permit me the use of your columns to make a reply to the communication which J. K. Bigelow caused to be printed at his expense in the Exposition Forum and which, I understand, will be placed in the hands of every voter in this valley.

The super-critic says, "\$115,000 for the needed high school building is at this time poor business and a great mistake." Then why have seventy-five school boards throughout California decided to build at far

greater cost and the public in overwhelming numbers voted "yes?" Is it possible that school boards everywhere are devoid of business judgment and lost their power of reason, or is their rashness due to the fact that they did not have J. K. to look after their welfare?

Mr. Bigelow has compared building costs with the present price of farm produce, basing his main argument of saving on that comparison. Mr. Bigelow has inflated the present cost of building and very much deflated the present price of farm products in this valley. It is as easy to quote "statistics" without telling where he secured those statistics, as it is to quote scripture, and it isn't always angels who quote scripture.

Farm produce is far from normal at the present time. Grapes in this valley will sell for at least three times the pre-war price; pears will be double; apples will be double; prunes are one-third higher; wheat 50 per cent higher; milk is 50 per cent higher; eggs were double the pre-war winter price and are now one-quarter higher than the pre-war price in June, 1920; hay and barley, it is true, are normal, but nothing is responsible for this but the coming of the automobile which requires gasoline for nourishment. Building costs never will go back to the present price of hay or barley. If an index could be prepared of the relative price of all farm produce for the current year and the cost of building, it would be far below Mr. Bigelow's figures.

Mr. Bigelow predicts that the cost of building will be normal in two years from now. No one in a position to know expects building conditions to revert back to the pre-war costs in five years, or ten. I have before me a study of the problem by W. Randolph Burgess, head of the statistical department of the Federal Reserve Bank of the New York district.

Writing from data in April of this year he states that the "general level of wholesale prices have fallen from a point approaching three times as high as 1913 prices to a point only 60 per cent higher than the pre-war level." Also that "there is a general

agreement among economic writers that the most abrupt fall in prices have come to an end."

By letting bids next February for the new high school building we will

be able to take advantage of any reduction or readjustment. With 40 per cent of the cost of the building labor, and a great reduction in wages

(Continued on page 3)

Prominent Citizens of Valley for Bonds

Among many splendid letters received endorsing the bond issue have been the following:

Boyes Springs, Cal., June 2, 1921.

Dear Mr. Golton:

I regret very much that a hard cold keeps me home. I am with every progressive move. I am with you on the bond question, whole hearted. As there is a new era dawning we must keep in touch with forward moves. For many years I have advocated good schools, also good roads. I am young yet and hope to see the Valley of the Moon honored with one of the finest high school buildings in Sonoma county. I am your hearty co-worker,

J. W. MINGES.

Sonoma, Cal., May 27, 1921.

To the Honorable Board of Trustees of High School.

Gentlemen:

I am writing this to let you know that you have my hearty support in the building of a new school building. I never was in favor of trying to repair an old building, more especially a school building. Have always considered it money practically wasted. Be sure you make it large enough.

Yours truly, W. W. CARTER.

Sonoma City, Cal., May 23, 1921.

Hon. Board of Trustees of S. V. U.

High School, Sonoma Calif.

Gentlemen:

I was called upon to express my opinion as to the need of a new high school building.

In reference thereto, I wish to state, knowing as I do the state of the present building, which is entirely inadequate for its purpose any longer, I therefore consider it is absolutely essential that a new building be erected for the benefit of pupils and community at large.

I am coming in contact with prospective purchasers for country and city properties practically daily, so in passing by the present building, very often the remark is made why we are so far behind in not having an up-to-date high school building. Naturally my reply is more or less evasive. At same time it shows the interest taken by outsiders who are contemplating to locate in our midst.

It is true the present tax rate should be taken into consideration by your honorable board in conjunction with the enterprise, so as not to defeat the issue at the polls.

Respectfully, O. WAGNER.

Sonoma, Cal., May 22, 1921.

Board of Trustees, Sonoma Valley Union High School, Sonoma, Cal.

Gentlemen:

Your recent action favoring the building of a new high school for Sonoma valley, is indeed very commendable. This valley has long suffered from the lack of proper public improvements.

A modern high school will help materially in attracting desirable home-seekers to our valley, and with permanent highways and streets, it is quite certain that the attendance of your school will be about doubled in fifteen years; therefore, consider not the past, build for the future.

Very respectfully,

F. W. DOBBEL.

Sonoma, Cal., June 25, 1921.

Mr. L. H. Golton.

Dear Sir: I am glad to endorse this project for a new high school building. As a citizen and one of the alumni of the school I am interested in the advancement of the school and community. I believe that with the big booster movement being made all over Northern California that Sonoma valley will get its share of prosperity lots quicker if we can offer modern schooling facilities.

The time to buy anything is when you need it. We need the new school now. To assume a debt for school purposes is regarded as sound business by all thriving communities in the state. Let's vote "yes" on July 5th and save the money that will be wasted for temporary relief if we do not get a permanent building now.

JUDGE J. LESTER SMALL.

Sonoma, California, July 2, 1921

SONOMA VALLEY CITIZENSHIP TO BE PUT ON RECORD TUESDAY

SONOMA VALLEY has come to the turn of the road. One way leads to progress and prosperity and future heights of success.

The other way leads to the rut of nowhere—the place where the wheel keeps spinning but there is no traction and therefore no getting anywhere.

The high school bond election on Tuesday will decide which way Sonoma valley is to travel. A two-thirds vote must be on the side of progress if Sonoma valley is to take the broad road of progress and prosperity.

The bonds are to run forty years. Will we give our children a modernized community, abreast of the times, where property values are values because of the proximity of good schools and other up-to-date advantages or shall we hand them a heritage of stagnation and leave to those coming down the years the task of doing what we should do now?

What's the matter with this town? means what's the matter with the people? Why hasn't it gone ahead? will be the question asked some few years hence if we do not vote the bonds.

Let us put the stamp of progress on ourselves. Take another step upward, as was done at the bond election for better streets, and vote "yes" for the modern high school building.

The best architect on the coast is the designer of this building. He has a reputation for honesty and integrity as well as skill in the art and science of school building. The \$115,000 includes the school building and equipment for all departments.

The suggestion that we build in units is not wisely made or with understanding. If we build piecemeal we will have a one-sided school. All departments must be kept up. The school must be well-balanced. Let us build right while we are about it and have something which will be a community asset enriching the education of our boys and girls.

We have a splendid grammar school and outside districts are planning fine modern school houses. It is retrogression to put a graduate of one of these schools into an antiquated high school building.

The school for which we can authorize the bonds is a concrete structure which will accommodate three hundred students and is built to take care of the needs of a century.

Go to the polls Tuesday and tell the world that Sonoma valley has faith in its future and respect for our greatest of American institutions—the public school. Vote the bonds and let us in our lifetime reap the benefits which a two-thirds vote of a progressive citizenship can give to Sonoma valley.

Shall we line up with our modern, up-to-date neighbors and get our share of opportunities or will we stay in a rut until future generations take hold and pull us out? It is a question for voters now registered to decide on Tuesday. The community is going on record.

What will its record be?

THE SELF-APPOINTED leader of the opposition to the building of a new high school has never been a constructive critic of anything although he has always criticized Sonoma Valley. The idea of knocking instead of boosting appeals to some natures. Now he is not boosting as you might suppose for more homes and better schools but has come out openly against the new high school. His attitude indicates that he not and never has had the true welfare of Sonoma valley at heart.

With his property up for sale and his eye on other localities, he is not really concerned with Sonoma's future one way or the other.

Those who have always known this particular reformer and "got his number" long ago will certainly not take his advice on how to vote. Those who formerly believed in him as the sincere friend of our valley and its welfare can see from his present stand that his real interest is in agitation, not advancement.

NEW CITY TRUSTEES ON IMPORTANT COMMITTEES

The new city trustees, Messrs E. T. Lindley and F. W. Dohbel are on important committees for the coming year. The older members of the Board, Messrs. Bates and Bulotti were named by Mayor Dan Poggetto on Plaza, streets and sidewalks committee because of their familiarity with the work already under way. The entire committees are now as follows: Finance and Legislation, Bulotti and Dohbel; Fire and Water, Lindley and Dohbel; Light, Dohbel and Lindley; Cemetery, Bates and Dohbel; Streets and Sidewalks, Bulotti and Bates; Printing, Lindley and Bulotti; Sewer, Bates and Lindley; Plaza, Bates and Bulotti.

Mrs. Fred Medicus is expected today from Arizona and will join her husband who is now in the employ of the Standard Oil Company here.

Ray Cooper of the Standard Oil Company delivery department, who was injured some weeks ago when a barrel fell on him while unloading oil at the Springs, is making good progress toward recovery although he has been in the hospital ever since the accident.

TIRES AND TUBES CHEAPER

The recent price reduction on Good Year Tires and Tubes should be welcome news to you. It enables you to secure tires of a higher level of quality and greater capacity for service than ever before—and at an exceptionally low price.

Just not the new prices, as shown Improved methods of construction and better grade of materials make the Goodyear Tire of today far above any other tire in its price class.

Better take advantage of this price reduction and let us equip your car with these tires now. They will insure you the lowest possible cost-per-mile.

Very truly yours,

WOMAN DIES WHEN THROWN FROM AUTO

Accident Near Town Claims Victim Last Saturday Afternoon.

Mrs. Mary Irene Shepard Bell of Vallejo, while driving to Monte Rio last Saturday afternoon with her husband, met her death in this valley near the old Bates ranch. In trying to pass a lumber wagon going in the opposite direction Bell, who was driving the ill-fated car, collided with it and the impact hurled his wife from the seat of the car to the road. She was picked up in an unconscious condition and hurried to the home of Dr. Hays, who advised that she be taken to the sanitarium. The unfortunate woman became delirious some hours later and death ensued from hemorrhage of the brain.

At the coroner's inquest Monday night Coroner Phillips went into the accident thoroughly, and after questioning witnesses, including J. F. Ryan, Cedric Cutter and Mr. Kimbrough, the jury rendered a verdict that death was accidental, attaching no blame to anyone.

Testimony was all as to whether the lumber wagon was on the right side of the road, as to what speed Bell was driving and conditions of the road at the point of accident. Attorney Frank E. Sprague, appearing for the lumber company, tried to introduce testimony that Bell's automobile was not in good condition in regard to the steering gear, etc., but this testimony was not permitted.

Mrs. Bell was 24 years of age and a handsome young woman. Her husband took her remains to Vallejo for interment.

Mrs. Tom Studley of Willets and E. E. Studley of Fresno are visitors at the Studley ranch.

E. M. Cutter has been very ill with Dr. Thomson in attendance.

COOKMAN'S LEAVE FOR EXTENDED VACATION

Rev. and Mrs. Isaac Cookman left Monday for a month's trip to Southern California. They will make the trip in their car, and expect to stop at points of interest en-route. At Santa Barbara they will visit a grand daughter whose husband has charge of the Standard Oil business for that district. They will reach Los Angeles in time to attend the meetings of the National Council of Congregational churches, and will be attended by representatives from all over the U. S. and Canada. From there they will journey on to San Diego, where the Rev. Cookman had a large church just before coming to Sonoma.

This is the first vacation Rev. Cookman has had since coming to the Sonoma church. All feel that he and his wife have richly earned the rest, and sincerely hope that the trip may be altogether pleasant and profitable.

HIGH SCHOOL TRUSTEES' SEC'Y MAKES STATEMENT

To the Public:

It has been stated that the financial management of the Sonoma valley high school affairs, and the expenditure of high school funds, has been in the past and will be in the future left entirely to the principal. Such a statement is absolutely not true.

The principal of the high school can recommend and suggest the purchase of supplies, the making of improvements and the employment of teachers, and the board usually endeavors to meet his wishes.

All business, however, must come before the Board of Trustees and the principal can do nothing of importance without their sanction.

For the handling of high school funds all bills must be:

1. Presented, itemized, to the board;
2. Referred to finance committee;
3. Referred back and passed by board as a whole;
4. Warrants drawn on fund and signed by president and secretary of board;
5. Examined and approved by County Superintendent of Schools—in some cases by district attorney;
6. Approved and allowed by county auditor;
7. Paid by county treasurer.

The idea that the principal will have control of bond money, if voted, is absurd.

The names of the trustees are well known. All are tax-payers in this county. Four are tax-payers in this district and the fifth a representative of large taxable properties.

W. B. HAYS,
Secretary of Board.

Visitor from New York Complimented

Miss Miriam Davidson entertained Miss Lillian Helena Abrams and friends at a luncheon at Napa Soda Springs Thursday. All had a delightful time.

Miss Abrams is here from New York and is the guest of her sister, Mrs. W. Baron, at her country home in Sonoma valley.

Mrs. Baron gave a theatre party at the Cline, Santa Rosa, for her sister, Miss Abrams, last Thursday.

"Pop" Hibbard has been named register of aliens for the poll tax record of Sonoma district.

Miss Gabrielle Heggie has resigned her position as a teacher in the Petaluma High School.

Miss Ruth Dewey of San Francisco has been visiting at the Shaw-Pemberton home.

Mrs. Jack Murray has accepted the position of secretary of the Valley of the Moon Chamber of Commerce.

Do not forget the Methodist Ladies chicken dinner July 5th, 11:00 to 3:00 at the M. E. church.

Mrs. E. F. Converse and daughter have returned from Willets.

Fair Visitor from Honolulu

Mrs. Ralph Buchan of Honolulu, who was Miss Betty Johnson of Sioux City, Iowa, before her marriage to the young navy man, is here visiting at the Buchan home. She arrived Thursday evening and is being made welcome by the mother and other relatives of Mr. Buchan.

Hurled Through Windshield

Miss Green of Martinez, one of a party of three motorists, was fearfully cut when the car in which she was riding struck the stone bridge near the Beecher ranch, above Glen Ellen Tuesday and she was thrown through the windshield. Dr. Thomson attended her.

St. Francis Villa Changes Hands

Through the agency of L. Mouyer and Co., the St. Francis Villa at El Verano has been sold to Mr. and Mrs. Hugo Spitzer. Mr. Ganiats received a good figure for the property, a 40 acre ranch in British Columbia being part payment in the deal. H. C. Ganiats will engage in business in the metropolis.

Miss Geraldine Evans of Santa Rosa has been the guest of Miss Irma Adler.

Sam Sebastiani left Thursday of last week for New York. This is Mr. Sebastiani's second trip this year. He is keeping in close touch with the market for wine and canned goods.

Mrs. Harry Foster and children of San Francisco are enjoying a vacation at the Ryus cottage, Fetters Springs.

H. F. Buck, formerly of the O'Brien ranch has leased "The Mervyn" Glen Ellen's pioneer summer resort.

GLEN ELLEN ITEMS

The Misses Sarah Convey and Margaret Downs, of San Francisco, are spending a few weeks with E. F. Kreiss and Mrs. W. C. Wilson of Glen Ellen. Both young ladies are popular in the younger set of San Francisco and are enjoying a country trip before going back to their studies in August.

Mrs. E. Shepard is ill at Merritt Hospital in Oakland.

The Native Sons had a banquet at "Pan's" Saturday evening at which about 40 were present.

Miss Minda Letterman, aunt of Miss Beatrice Lantz of Eldridge, is out from Chicago to spend the summer in our Valley of the Moon. Miss Letterman is a prominent educator in Chicago.

Shirley Weise and bride were tendered a reception on Tuesday evening by the town people.

Ruth McAfee and Amel Tovain were married last week and will make their home in Glen Ellen.

Mr. and Mrs. L. M. Lantz spent the past two weeks in Fresno visiting Mr. and Mrs. Wm. Meeker, who returned with them to Glen Ellen. The Lantz made the trip by machine, returning by way of Santa Cruz, where they passed a few days.

Mrs. Wm. Ping is in San Francisco where she is at the home of her daughter recuperating from a recent illness.

Miss Beatrice Lantz, field worker of Eldridge, spent a week in the San Joaquin valley in research work, returning last Sunday.

The hearts of the children at the State Home at Eldridge have been made glad by the purchase of a real, honest-to-goodness merry-go-round that is not only going to give them joy on the Fourth of July but has come to stay—and they can ride on the horses "n' everything all for nothing.

Dr. Skinner, a University of California graduate who is a successful young practicing dentist, has arrived to succeed Dr. Burnett, who is leaving Sonoma for a broader field of opportunity.

Judge and Mrs. T. C. Denny have been spending some time in San Francisco.

Prof. Stenquist motored to Los Angeles this week. The Agricultural summer school is at Ontario this year.

Miss Zoe Castex of San Francisco has been up on a visit to Sonoma friends.

BUSINESS MEN'S ASSOCIATION CONTINUES IMPROVEMENTS

The Sonoma Business Men's Association are continuing to make many good improvements. This week tables and benches for campers were erected at the auto camp grounds on the northwest side of the plaza. Signs showing the direction to Sonoma's auto park have also been erected at important cross roads throughout the valley. The grounds around the library building will shortly be put into lawn as soon as the Business Men's committee can arrange for an adequate water supply at that point.

The Sonoma Valley Woman's Club made \$37.50 at a card party for the plaza fund Friday of last week. There was a goodly crowd to aid the cause and prizes were won by Mrs. Albers of Santa Rosa, Mrs. Mary Shaw, Harold Pauli and James McElney.

American Legion Affair Big Success

The entertainment and dance given by the American Legion at Boyes Springs Wednesday evening was a big success.

Among the program numbers was Art Hickman (himself), who played his original success, "The Rose Room Fox Trot," and was given a great ovation by old friends and admirers from everywhere.

Satisfied With Street Progress

Engineer Howe of Howe & Peters was in town this week looking over Sonoma's new streets now being built by Gorrill & Gorrill. The engineer expressed himself as well satisfied with the progress, about one-third of the excavating having been completed the fore part of the week.

Jennie Zane of Bellingham, Washington, has been visiting at the R. J. Snyder ranch.

Mrs. L. Potter of San Francisco has been the guest of Mrs. Whiting at Boyes Springs.

Mrs. Davis and family are from Sacramento and are thinking of locating in our beautiful valley.

Mr. and Mrs. Charles E. Lamb of Los Angeles are spending a few days on the Rufus ranch, the scene of the childhood days of Louise Rufus Lamb, and are enjoying the hospitality of O. R. Rufus, Mrs. Gilbert and son Kennan. It is about three years since Mrs. Lamb has visited her brother and the old home in the Valley of the Moon.

D. A. GORDENKER IN TOWN

Deme A. Gordenker who is here from the Philippines, was calling on old friends Thursday. Gordenker is now a plantation owner of the Islands and made much money from copra shipments during the war. He formerly was in charge of the Bureau of Education in the Philippines and also in the Treasury service until 1913. For two years he was governor of the province Butanes, and had much authority, including power of Justice of the Peace, municipal appointments and commissioner of public works. Mr. Gordenker is accompanied by his son and will remain in California for some time visiting relatives.

ANOTHER OVERSEAS VET CLAIMS BRIDE WEDNESDAY

Oscar Studley Weds Miss Beeson at Quiet Ceremony in Napa.

Oscar Studley ex-service man and overseas war veteran, has joined the newlyweds by claiming for his bride Miss Lela Beeson, formerly of Healdsburg. The ceremony was quietly solemnized at Napa Wednesday morning.

Miss Beeson has been visiting her brother, Jesse Beeson, of the Jenkins place at Buena Vista, and it was in this way that the young people met.

A wedding trip to Mendocino and Humboldt counties will take the happy-couple north for awhile, after which they will settle in Sonoma valley.

Tierney Wins Suit for \$896 Wages

Judgment for \$896.35 was given from the bench Wednesday by Judge R. L. Thompson in the superior court wage suit of Thomas Tierney against the Sonoma Valley Water, Light and Power Company. Attorneys R. M. Barrett of Santa Rosa and Frank Sprague of Sonoma represented the plaintiff in the lengthy hearing, at which many witnesses were called.

Off for Alaska

Mrs. Clements of Eden Dale, Misses Edna Cooper, Nettie McConico and Agnes Arnot left this week by rail for Seattle and from there will take a steamer for Alaska, where they will spend several weeks.

Mr. and Mrs. E. E. Bennett of Petaluma were here yesterday, returning from Calistoga, where they have been taking the baths. They will leave shortly for the north on a camping trip.

GIVE US A TRIAL

PUBLIC OPPOSES GOV'T OPERATION

Canvass of 5,154 Editors Shows
4,466 Communities Against
Socialistic Experiment.

OPPOSITION GROWING

Eighty-seven Per Cent in 1920 as
Against 83 Per Cent in 1919
Think Public Is Opposed
to Radicalism.

The American public is more intensely opposed to Government operation than it was a year ago, according to the newspaper editors of the country. Out of 5,154 editors replying to a questionnaire sent out by the Press Service Company of New York, 4,466, or 86 per cent, gave it as their judgment that the people of their communities were overwhelmingly against the Government competing in business with its own citizens.

In 1919 the Press Service Company conducted a similar canvass of editors on the government operation of railroads. That questionnaire showed that 83 per cent of the editors considered their communities against Government operation of public utilities.

Apparently, then, if editors estimate public opinion accurately, that opinion in a year, considered by communities, has swung 3 per cent further away from socialistic experiments.

Eleven Million Circulation.

The combined circulation of the papers whose editors replied is 11,428,817, which means, according to the usual estimated ratio between circulation and readers, a constituency of at least 44,000,000. And this constituency is pretty evenly scattered throughout the country, no considerable section of any state being unrepresented. The estimate of opinion based on this thoroughly diffused 44 per cent of the country's population may, therefore, be considered a fair representation of the people as a whole.

Another feature of the result is its evident lack of partisan bias. The major political affiliations of the papers represented are fairly evenly divided, being 1,857 Republican and 1,350 Democratic. There are also 1,485 independent and 462 miscellaneous, including labor organs, etc.

How little the results are affected by the politics of the papers is shown in an analysis by sections. In the Southern section, for instance, where replies came from 65 Republican papers and 389 Democratic, the percentage against Government operation was 88; in the Great Lake section, with conditions reversed, 478 Republican and 153 Democratic, the opposition was 87 per cent.

Replies from the West, Middle West and Southwest show that it is a mistake to consider those sections vastly more favorable to radical Government experiments than the East. The radicals can get little comfort out of the 89 per cent of thumbs down—2 per cent above the average—in the Southwest, including Arkansas, Louisiana, Missouri, Kansas, Oklahoma and Texas. Texas, once supposed to be much given to Government regulation experiments, returned 92 per cent of unfavorable replies. Out of the 244 editors replying from that state only three edited Republican papers. The 82 per cent opposition of the Northwest, including Iowa, Minnesota, Montana, Nebraska, North Dakota, South Dakota and Wyoming, and the 83 per cent veto of the Far West group, including Arizona, California, Idaho, Nevada, New Mexico, Oregon, Colorado, Utah and Washington, are significant of the prevailing conservative sentiment on this question even in the more radical sections.

VINEBURG NEWS

Mrs. Edward Bousquet and son Alfred, of San Francisco, are the guests of Mr. and Mrs. Fred Batto. Mullen & Downey, the live wire painters, transacted business and did work in this vicinity this last week.

Harry, Dunn transacted business in San Francisco on Saturday last.

Ray Cooper is now up and around greetings with him on his return home and the many friends of this popular young man will be exchanging in a short time.

Mrs. Grover C. Rubke and pretty little daughters, Thelma and Margaret ("Dere Jim is"), returned from a pleasant two weeks' visit as guests of friends in San Francisco, San Jose and Santa Cruz on Saturday last.

Mr. and Mrs. John Hicks of Marion, Texas, parents of Mrs. Adolph H. Rubke, returned to their home in the Lone Star State on Friday, after a month's visit to Mr. and Mrs. Adolph H. Rubke. Mr. Hicks was delighted with the Valley of the Moon and intends spending the Christmas holidays here.

Minnie Madden says that the high school bonds will sure win out, as Vineburg precinct will vote that way, and Minnie knows all about it.

The cherry crop is about picked and shipped from this part of the valley.

Quite a number of our society folks attended the Legion's entertainment at Boyes Springs on Wednesday night. All were pleased and speak highly of the musical abilities of Art Hickman, the jazz king.

EASY JIM.

Judgment Apparently Undisputed.

The questionnaire closes with a request for the editor's personal opinion on certain concrete cases as follows:

"Do you personally believe that the Federal Government should own and operate competitive industries to provide: (a) Fertilizer? (b) Clothing? (c) Automobiles? (d) Farm implements? (e) Foodstuffs?"

Substantially all the editors who gave estimates of their readers' opinions also expressed their own by replying to this last question. Proof of considerable effort to avoid personal bias is found in the fact that in many cases the editor differed from the opinion he credited to his community. The percentage of "nos" ran: (a) 76; (b) 83; (c) 86; (d) 82; (e) 79.

While the questions were based on general principles involved in the Government participating in competitive business, the so-called Muscle Shoals Bill now before Congress was used as a concrete example of a Government operation scheme. Under this bill a Government-owned corporation would be given broad powers to operate and develop Government plants and properties. It would produce at Muscle Shoals various fertilizer products and sell them in competition with producers and merchants in the fertilizer business.

The strength of the opposition to Government operation is indicated by the replies from Alabama, where the Muscle Shoals war plant is and where, of course, there is intense interest and local pride in getting its expected peace-time operation under way at the earliest possible date. Fifty editors from that state replied, of whom 38 were opposed to Government operation, 8 in favor and 4 doubtful.

FIRE!

The fire departments were called to Eldridge Thursday to fight a grass fire on the Wickham property.

Yesterday there was a fire at the Hall ranch, the hedge catching fire and threatening the handsome residence. C. Perry was overcome by smoke while fighting the flames. Chief Valente of Sonoma and Chief Cause were quickly on the scene.

GRAPE GROWERS, ATTENTION!

There is to be a meeting of all grape shippers and grape growers interested in the shipping of grapes from Napa, Lake, Mendocino and Sonoma counties at the court house, Santa Rosa, at 1:30 p.m., Wednesday, July 6th.

Mr. F. W. Head, head of the standardization of the state department of agriculture, will be present and will discuss with the growers the provisions of the standardization act which refers to the shipping of grapes.

It will be determined at this meeting what policy will be pursued in the exemption of grapes from the provisions of the act. It is therefore necessary that all interested be present.

Under the new act no grapes may be shipped which do not show a minimum sugar content of at least 17 per cent. The law also provides for certain exemptions, and it is on this point that the grape shippers and the state department of agriculture wish to meet an agreement.

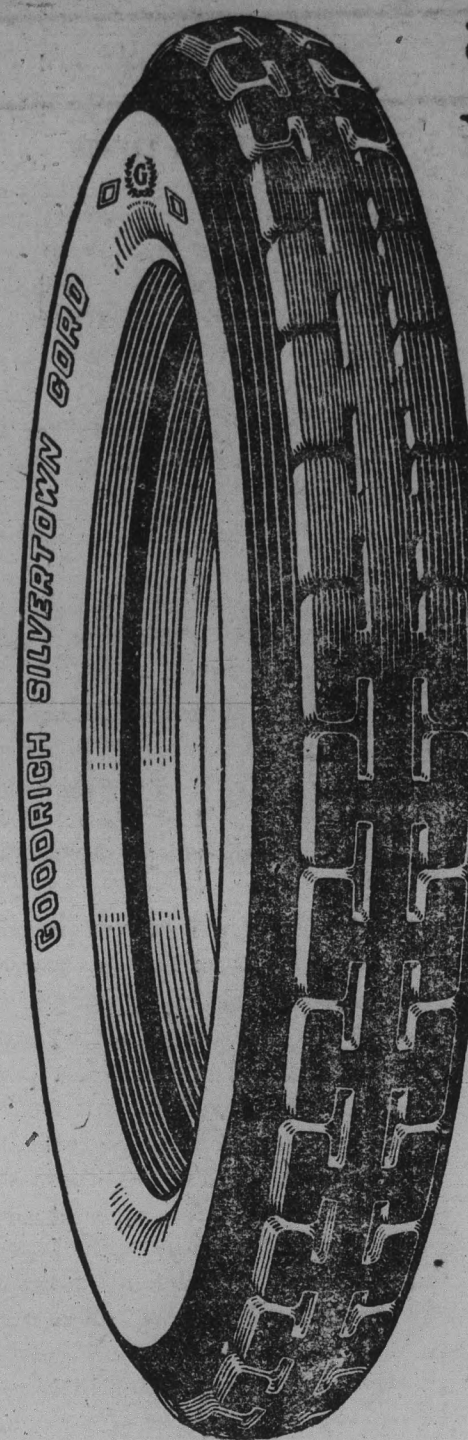

SPECIAL AT THE DON THEATRE

Manager John Mohr of the Don theatre announces the splendid film feature 'The Great Redeemer,' House Peters in the title role for two nights, Sunday and Monday. The critics agree that it is a great play and Sonoma lovers of good drama should not miss this attraction.

Miss Eva Dresel arrived from Boston, Mass., Monday, and is visiting at the home of her parents, Mr. and Mrs. Carl Dresel.

Mrs. McCauley (nee Alice Church) accompanied by her handsome daughter, Miss Helen Marie, are the guests of Mr. and Mrs. Fred Schell.

Goodrich Tire Price Reduction applies to all sizes— without reservation

The anti-skid safety tread
Silvertown Cord

20% Lower Prices

The Goodrich price reduction which took effect May 2nd was without reservation. It included Silvertowns together with Goodrich Fabric tires and Goodrich Red and Gray inner tubes.

The name of Goodrich on a tire means just one thing—quality. And that quality is always the highest that can be produced.

Each tire is specially designed for the service it must deliver. Goodrich Fabrics, in the popular sizes, have established themselves as unusual values from the standpoint of real economy. Silvertown Cords in their class have always held first place in the esteem of motorists, not only because of their symmetrical perfection of finish, but furthermore, by reason of their long life, complete dependability and satisfactory performance.

Your dealer will supply you at these fair prices:

SILVERTOWN CORDS

PROFESSOR GOLTON ANSWERS J. K. BIGELOW

(Continued from page 1)

not likely, it does not appear that waiting will do us much good.

Mr. Bigelow quotes a local contractor who thinks that he can build and improve all that we need for the sum of \$15,000. The particular contractor doesn't know what we need, and so cannot estimate what it will cost. To provide the school with an additional class room, a room for graphic arts, a suitable laboratory properly equipped, an auditorium-gymnasium with adequate shower and dressing rooms for the boys and girls; also to replaster the old building and provide an adequate heating plant cannot be done under \$25,000. Again, I repeat that since the contractor doesn't know what we need, he doesn't know what it will cost, I do.

If this contractor could build for the sum he says as large and as modern a school as any high school in this state for a community twice the size of Sonoma valley, then every other architect and every builder of school buildings in the state is either a crook or a fool. No community in the state twice the size of our valley is building for less than \$200,000.

Now for a bit more of sound thinking: with all temporary improvements made who will have the courage to go before the people in five years from now and ask for a new and permanent building? Any board of trustees which will attempt at this time to make the enlargements to the plant which it should have, is determining the character of the school for years

to come. It may be possible to save \$25,000 by waiting for five years, but if we spend \$25,000 now on temporary improvements, at the end of a five-year period it will be utterly impossible to persuade the public to tear down the six or seven wooden structures on the grounds and build permanently. You will save nothing and have in five years only something of which we will be ashamed. In five years from now a wooden high school plant will be a curiosity.

A word about the so-called state architect who drew the plans for the old building. This architect was from the State Home and should have been kept there permanently. In his behalf it ought to be said that it most likely was an accommodation on his part. There was no money to pay an architect and so he drew up plans without compensation. I venture this as a guess. He formulated the plans so well that his switch-box for all the lights of the building is in the girls' lavatory.

Let me digress here by stating, however, that the present building was put up only under the very greatest handicap, with a large part of the public objecting at that time to any kind of a high school.

The trustees then would have built better had public sentiment and finances allowed. Their courage under the circumstances is to be commended.

A few words regarding the selection of the architect. School boards have long since rejected the procedure of calling for competitive plans, and for an excellent reason. Competition now is in architects, not in plans. Anyone in touch with schools knows why. Experience has found that competition in plans gives an op-

portunity for the incapable and dishonest architect to make the school board believe that he can provide a larger and better building for less money. They invariably suffer for their mistake. If we build now we should not hesitate to pay the architect the customary fee.

Mr. W. H. Weeks, the architect selected, has recently been awarded the commission of the largest and finest high school in Los Angeles county. Why should Los Angeles county employ a San Francisco architect? Mr. Weeks has a reputation for putting up more cubic feet of building, well built and at a lower cost, than any architect in the state. He broke the record in the construction of the Santa Cruz high school in that respect. His fee will be only the customary fee and the board will see to that.

The contractor and workmen may all come from Sonoma. I know of a contractor who will bid on the work; in fact, I know of several. The painting, carpenter work, plumbing, electrical work, etc., will all be open to competitive bids in which our local artisans will share. It will make work for everybody and be a boon to the community for working people, farmers and business people alike.

What a Banker Said to Me

A banker tells me frankly that money put into Sonoma high school for makeshift improvements will be money wasted. He is the most conservative figure in Sonoma banking circles and he believes we need a new high school and should build one now before any more money is spent for makeshift.

The Writer of Articles

All articles written in favor of the bond issue have been prepared by two trustees and the principal of the school, revised by the trustees and authorized by them. Other articles have been written by the editors of the Sonoma newspapers and both papers have editorially endorsed the bonds.

Slurring a Nationality

The slurring allusion to one of our best nationalities, many of whose children are the high school's brightest pupils, I believe, emanated from the lips of some one in the critic's own household, and so, giving this stuff publicity, is really petty political trickery.

A last word about the "bunk" regarding the girls and boys of Sonoma Valley High School District. Who it was that indulged in the statement that nothing is too good for our boys and girls, I do not know. I do know however that the majority of the high school districts in the state are governed by that precept. For example, the little isolated town of Fort Bragg, appreciating the fact that there was not a single opportunity in the community to guide and direct the recreation of the boys and girls, are now building a community center which will cost \$40,000. Their adolescent children, just entering into adult manhood and womanhood, will have a place where they might dance or play basketball or read or play pool and billiards or sing or be guided in their recreation to live clean, play clean, act on the square and honorably. The boys and girls of a large community have many outlets for their over-abundant activities, but boys and girls in small communities have virtually none, and there is a crying need in every small town to build a community center. Hats off to Fort Bragg. Nothing is too good for your boys and girls. We honor and respect you. I believe Sonoma valley will take care of the future of our boys and girls on Tuesday next.

L. H. GOLTON,
Principal Sonoma Valley Union High School.

Mrs. Anna James is here caring for her father, F. Lambert, who is still quite ill after eleven weeks, part of which time he was in a hospital in San Francisco. Mr. Lambert's friends hope he will steadily improve.

VICTIMS OF SHOOTING SCRAPE

WELL KNOWN HERE

Bob Mills and his wife, who were shot and killed at their mountain ranch back in the Hood mountain country, above Kenwood, were well known to many people here. Tony Cereghino had seen Mills just a week or ten days before the tragedy.

The murder is said to have been committed by Geo. Reynolds, a Mexican, over a money grievance. He went to the ranch, killed Mills and his wife, in the presence of their two babies, and then shot himself. The baby of four months and another one two years of age were playing in the blood-spattered room when a neighbor called to return a hay rake and discovered the awful crime.

The ranch is located in an inaccessible and lonely spot and the chance call of A. Langley, the neighbor, was all that saved the children from perishing in the midst of the gruesome and terrible surroundings. Cold and hunger would have caused them to perish. They were taken to Santa Rosa and are now in charge of relatives.

Miss S. Picetti has returned from a delightful outing to the Yosemite. She accompanied the Young Men's Institute and their friends and families on an excursion to the wonderland. Snow was encountered during the trip into the valley.

Mrs. Bernice Sholden and children of Fruitvale have been visiting at the J. B. Small home.

Mr. and Mrs. Frank Rhode of Vineburg are welcoming a new little daughter, born this week. Dr. Hays was in attendance.

MODERN CRANKCASE CLEANING SERVICE

The Sign of a Service

At First-class Garages and other Dealers

We use CALOL FLUSHING OIL and ZEROLINE

Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can be but knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.

Importers, exporters, travelers—ship and sail under—the Stars and Stripes

NEW triumphs in steel, steam and electricity have carried the Stars and Stripes back again to the seven seas. On more than fifty trade and passenger routes American owned and operated ships, flying the Flag, are ready to carry your goods, or to carry you, to every foreign land.

They are splendid ships, the pride of American genius designed and equipped to give the finest passenger comfort, service and safety, and to handle your goods in the most economical way.

Famous Orchestra Leader Here

Art Hickman, famous throughout the United States because of his jazz orchestra, which is a feature at the St. Francis hotel, is spending his vacation at Boyes Springs, accompanied by his father and sister.

Mr. Hickman is a great booster for Boyes and loves to come here, for it was here in the Valley of the Moon that he got the inspiration which brought his playing to the attention of the St. Francis management and won him his first step up the ladder of fame.

Mr. Hickman complimented the management at Boyes on its present fine music.

Mr. and Mrs. Ren Vernon are the happy parents of a nine and a half pound boy born early last Saturday morning.

SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of the Sonoma Valley Union High School District, of the County of Sonoma, State of California, that in accordance with the provisions of the Political Code of the State of California, an election will be held on the 5th day of July, 1921, at the High School in said District, between the hours of 8 o'clock A. M. and 6 o'clock P. M., during which period and between which hours the polls shall remain open, at which election the qualified electors of said district to the amount of One Thousand Dollars to the purpose of raising money for purchasing high school buildings, for insuring high school buildings, for supplying high school buildings with furniture and necessary apparatus, and for improving the high school grounds will be voted upon.

The said bonds hereunder to be issued and sold shall be of the denomination of ONE THOUSAND DOLLARS each, and shall bear interest at the rate of six per cent per annum, payable semi-annually, and shall be numbered from 1 to 100 consecutively, payable as follows:

Bonds Nos. 1 and 2, each for One Thousand Dollars to run one year.

Bonds Nos. 3 and 4, each for One Thousand Dollars to run two years.

Bonds Nos. 5 and 6, each for One Thousand Dollars to run three years.

Bonds Nos. 7 and 8, each for One Thousand Dollars to run four years.

Bonds Nos. 9 and 10, each for One Thousand Dollars to run five years.

Bonds Nos. 11, 12 and 13, each for One Thousand Dollars to run six years.

Bonds Nos. 14, 15 and 16, each for One Thousand Dollars to run seven years.

Bonds Nos. 17, 18 and 19, each for One Thousand Dollars to run eight years.

Bonds Nos. 20, 21 and 22, each for One Thousand Dollars to run nine years.

Bonds Nos. 23, 24 and 25, each for One Thousand Dollars to run ten years.

Bonds Nos. 26, 27 and 28, each for One Thousand Dollars to run eleven years.

Bonds Nos. 29, 30 and 31, each for One Thousand Dollars to run twelve years.

Bonds Nos. 32, 33 and 34, each for One Thousand Dollars to run thirteen years.

Bonds Nos. 35, 36 and 37, each for One Thousand Dollars to run fourteen years.

Bonds Nos. 38, 39 and 40, each for One Thousand Dollars to run fifteen years.

Bonds Nos. 41, 42 and 43, each for One Thousand Dollars to run sixteen years.

Bonds Nos. 44, 45 and 46, each for One Thousand Dollars to run seventeen years.

Bonds Nos. 47, 48 and 49, each for One Thousand Dollars to run eighteen years.

Bonds Nos. 50, 51 and 52, each for One Thousand Dollars to run nineteen years.

Bonds Nos. 53, 54 and 55, each for One Thousand Dollars to run twenty years.

Bonds Nos. 56, 57 and 58, each for One Thousand Dollars to run twenty-one years.

Bonds Nos. 59, 60 and 61, each for One Thousand Dollars to run twenty-two years.

Bonds Nos. 62, 63 and 64, each for One Thousand Dollars to run twenty-three years.

Bonds Nos. 65, 66 and 67, each for One Thousand Dollars to run twenty-four years.

Bonds Nos. 68, 69 and 70, each for One Thousand Dollars to run twenty-five years.

Bonds Nos. 71, 72 and 73, each for One Thousand Dollars to run twenty-six years.

Bonds Nos. 74, 75 and 76, each for One Thousand Dollars to run twenty-seven years.

Bonds Nos. 77, 78 and 79, each for One Thousand Dollars to run twenty-eight years.

Bonds Nos. 80, 81 and 82, each for One Thousand Dollars to run twenty-nine years.

Bonds Nos. 83, 84 and 85, each for One Thousand Dollars to run thirty years.

Bonds Nos. 86, 87 and 88, each for One Thousand Dollars to run thirty-one years.

Bonds Nos. 89, 90 and 91, each for One Thousand Dollars to run thirty-two years.

Bonds Nos. 92, 93 and 94, each for One Thousand Dollars to run thirty-three years.

Bonds Nos. 95, 96 and 97, each for One Thousand Dollars to run thirty-four years.

Bonds Nos. 98, 99 and 100, each for One Thousand Dollars to run thirty-five years.

Bonds Nos. 101, 102 and 103, each for One Thousand Dollars to run thirty-six years.

Bonds Nos. 104, 105 and 106, each for One Thousand Dollars to run thirty-seven years.

Bonds Nos. 107, 108 and 109, each for One Thousand Dollars to run thirty-eight years.

Bonds Nos. 110, 111 and 112, each for One Thousand Dollars to run thirty-nine years.

Bonds Nos. 113, 114 and 115, each for One Thousand Dollars to run forty years.

That Jesse P. Prestwood will act as Inspector and Ralph O. Hotz and Richard C. Specht will act as Judges of said election, and that the same shall be inspected and judged by competent and qualified electors of said High School District.

IN WITNESS WHEREOF, we have hereunto set our hands this 9th day of June, 1921

Sonoma Boy Scouts Camping in Hills Near Napa County Line

The Sonoma Boy Scouts went into camp in the hills near the Napa county line this week and will remain for a ten days' outing, over the Fourth. The big truck belonging to Claude Johnson carried the happy lads to the Dr. Thomson ranch on Monday. There they pitched their tents and established their commissary department, and under the watchful eye of Scoutmaster Burdett will spend some happy days in hiking and recreation. The older boys have supervision over the tents and will take turn doing camp patrol duty. Much credit is due Dr. Thomson for arranging the trip and collecting funds for necessities. He has placed his picturesque mountain ranch at the scouts' disposal and they are looking forward to a wonderful outing. Dr. and Mrs. Thomson and Mrs. C. E. Johnson accompanied the boys to camp, but returned the same day, after seeing Rev. Burdett and his scouts nicely settled.

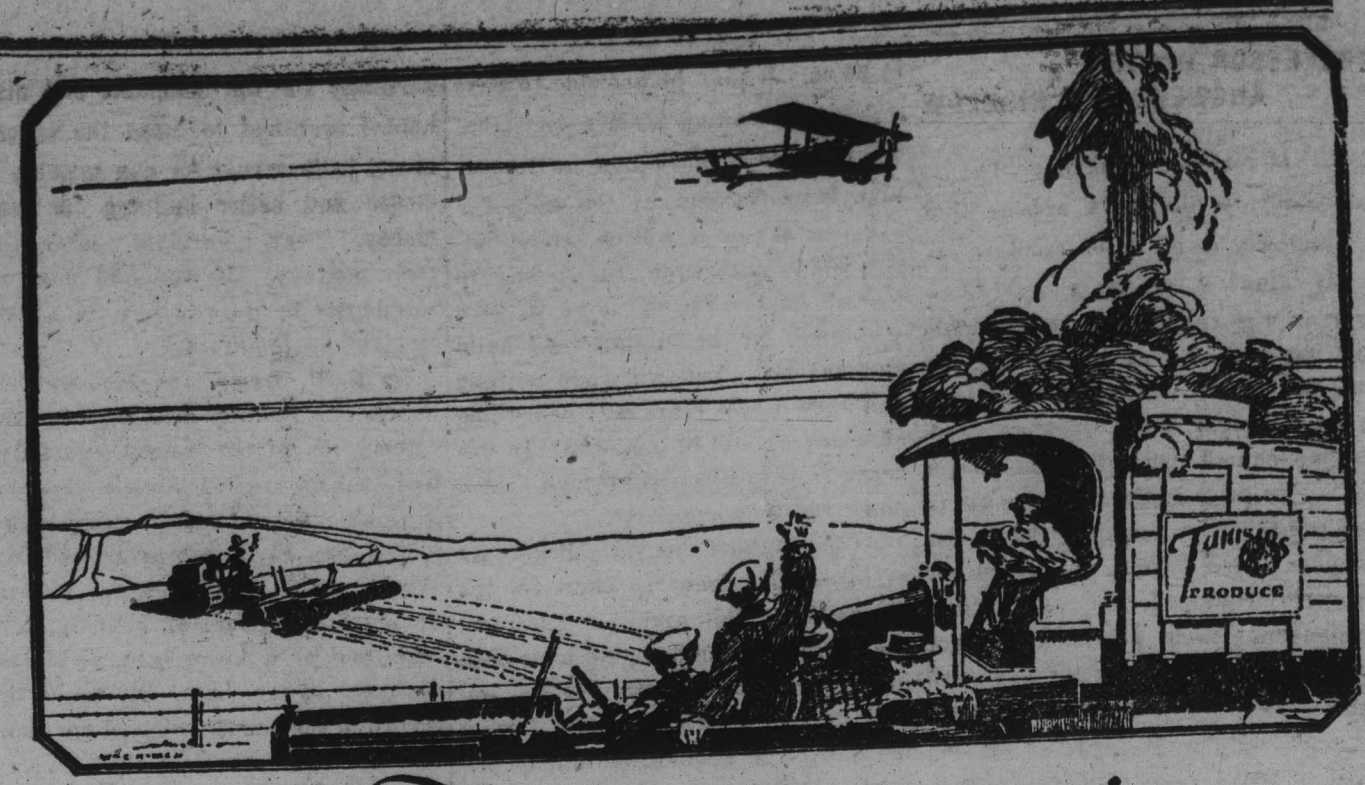

Mrs. W. B. Hays won first prize at the recent bridge luncheon given by Mrs. Frank Phillips at the Hotel Rafael.

NOTICE TO THE PUBLIC

On and after June 1st, 1921, I will not be responsible for any bills contracted by the business and property known as Steve's Grill, Boyes Springs. All bills owing to me can be paid on the premises and all bills contracted by me will be paid on presentation.

Signed, STEVE ANAZITOS

Notice is hereby given that Monday, the 27th day of June, A.D. 1921, at 10 o'clock a.m. of said day, and the court room of said Superior Court, in Department Two thereof, in the City of Santa Rosa, County of Sonoma, State of California, is hereby fixed and appointed as the time and place for proving the Will of said Ernest Jacobson, deceased, and for the hearing by the Court of the application of Emma Jacobson for the issuance of her Letters of Administration with Will Annexed thereon.
Dated June 6th, A.D. 1921.
W. W. FELT, JR.,
County Clerk.
By John Burroughs, Deputy Clerk.
R. A. Poppe, Esp., Attorney for Petitioner.

Time tested in service

Millions of miles of highways and city streets have proved Zero-Lene to be a lubricant of highest quality. This uniform quality is the result of an efficiency in the manufacture of fine lubricants created by the combined resources, experience, knowledge and equipment of the Standard Oil Company.

You gain an advantage in the use of this time-tested lubricant by following the recommendations of our Board of Lubrication Engineers embodied in the Zero-Lene Correct Lubrication Chart.

Ask for a Chart for your car.
